

# Unified Patent Court IT system

Eileen Tottle,  
Head of Secretariat, UPC Preparatory Committee

## 6-Principles

- ▶ Begin with needs
- ▶ Utility computing
- ▶ Open standards
- ▶ Risk-based approach
- ▶ Any user device
- ▶ Iterate

## What's been achieved so far?

- ▶ Access to the case management system  
<http://secure.unified-patent-court.org/login>
- ▶ Case Management System
- ▶ Corporate e-mail
- ▶ Corporate website

## Hosting

- ▶ All data in Germany
- ▶ Hosted by T-Systems (part of Deutsche Telecom)
- ▶ Pay/use contract, pay as we grow

## What are the challenges?

- ▶ Remarkably very few to date
- ▶ Gaining the confidence of business
- ▶ Finding the right opportunities to stress test the system
- ▶ Change of teams

## What's next?

- ▶ Transition of work to Luxembourg
- ▶ Refining the system
  - Authentication
  - Bulk opt outs
  - Compatibility with Registry
- ▶ Stress test the system alongside the Rules of Procedure

# Training

- ▶ Administration training
- ▶ Train the Trainer
- ▶ Intuitive
  - Ease of use
  - Minimal training
  - Reduce calls to court
